

Washington Vaccine Association Assessment Grid

FOR ALL CLAIMS WITH A DATE OF SERVICE ON OR AFTER FEBRUARY 1st, 2012.

Please note that this WVA Assessment Grid, **effective February 1, 2012**, replaces the grid last updated on June 1, 2011. The grid lists vaccines and their corresponding CPT codes that are part of the dosage-based assessment (DBA) process for providers, health insurance carriers, and third party administrators. There are other childhood vaccines (and corresponding CPT codes) that are not included in the DBA process and, therefore, no assessment is needed. For a complete listing of all vaccines available through the state Childhood Vaccine Program, please visit the DOH web site: www.doh.wa.gov/cfh/immunize/vaccine/vaccine-supply.htm.
