

Information Release Policy

Mindful (i) of the limited statutory purposes of the Washington Vaccine Association (WVA) primarily to collect and remit adequate funds from health carriers and third-party administrators for the cost of vaccines provided to certain children in Washington state, (ii) the importance of maintaining confidentiality of certain records in connection with this purpose and (iii) the inevitable costs involved in responding to third-party information requests for uses other than the purposes of WVA, it is the general policy of WVA not to authorize use of WVA records or to release WVA information to third parties for non-WVA purposes. WVA shall nonetheless maintain practices, as it has done from its formation, to maintain transparency concerning its operations and finances. It shall also maintain appropriate accountability to its members and Washington state governmental authorities.
