Washington Vaccine Association Assessment Grid

FOR ALL CLAIMS WITH A DATE OF SERVICE ON OR AFTER JULY 1, 2020.

Please note that this WVA Assessment Grid, effective July 1, 2020, replaces the grid last updated on July 1, 2019. The grid lists vaccines and their corresponding CPT codes that are part of the dosage-based assessment (DBA) process for providers, health insurance carriers, and third party administrators. There are other childhood vaccines (and corresponding CPT codes) that are not included in the DBA process and, therefore, no assessment is needed. The availability of specific vaccine brands are determined by the manufacturer and not all brands of flu vaccine are offered through the Childhood Vaccine Program (CVP). **The green column is the assessment amount per dose as of July 1, 2020.**
