Welcome & Introduction

Operations Update

Ms. Zell shared that the assessment grid rollout went as expected. The WVA experienced a cash reduction in May as planned and is on track with financial statement production. Ms. Zell reviewed changes to the agenda including moving the cash recovery update to the executive session and adding a brief section for only Executive Committee members.

Ms. Zell presented the proposed Interest and Late Assessments section changes to the Plan of Operations that had been made since the Board of Directors meeting in April 2021. The changes allow for payers to inform the WVA if the payer had not received the assessment in a timely fashion and provide for a longer, 180-day period for an assessment to be considered late.
