 The enclosed *Grid* is in effect between July 1, 2024 through June 30, 2025, and is posted to the WVA’s website in both PDF and Excel format (<https://wavaccine.org/assessment-grid/>).

 The *Grid* lists vaccines and their corresponding CPT codes that are part of the dosage-based assessment (DBA) process for providers, health insurance carriers, and third-party administrators

(TPAs). In effect, the *Grid* is the equivalent to a fee schedule. **Providers are required to properly complete the DBA process as part of their enrollment in Washington's CVP.** Properly remitted and paid DBAs ensure that adequate funds are available to support the State's continued purchase of pediatric vaccines in Washington.

In addition to the *Grid*, please find enclosed two additional documents:

1. WVA's *Private Insurance Assessment Billing Provider Guide*, and
2. Washington State Department of Health's *Eligibility for Publicly Funded Vaccines: A Guide for Providers*.

Should you have any questions, please contact us at compliance@wavaccine.org. We appreciate your practice's support of the WVA.

Best regards,

Patrick Miller, MPH
