RE: NOVAVAX AND THE 2024-25 WVA VACCINE ASSESSMENT GRID

VIA EMAIL: Dear Childhood Vaccine Program Participating Provider,

We received your contact information from our partner, the Department of Health’s Childhood Vaccine Program (CVP).

Please note a change to the *2024-25 WVA Assessment Grid* (the “Grid”) regarding the status of Novavax. **The following Novavax code has been updated by the Childhood Vaccine Program (CVP) effective for September 3, 2024 dates of service. PLEASE UPDATE YOUR FEE SCHEDULE.** A similar notice has been sent to commercial insurers.

The enclosed *Grid* is in effect between July 1, 2024 through June 30, 2025, and is posted to the WVA’s website in both PDF and Excel format (<https://wavaccine.org/assessment-grid/>).

The *Grid* lists vaccines and their corresponding CPT codes that are part of the dosage-based assessment (DBA) process for providers, health insurance carriers, and third-party administrators (TPAs). In effect, the *Grid* is the equivalent to a fee schedule. **Providers are required to properly complete the DBA process as part of their enrollment in Washington’s CVP.** Properly remitted and paid DBAs ensure that adequate funds are available to support the State’s continued purchase of pediatric vaccines in Washington.

In addition to the *Grid*, please find enclosed two additional documents:

1. WVA’s *Private Insurance Assessment Billing Provider Guide*, and
2. Washington State Department of Health’s *Eligibility for Publicly Funded Vaccines: A Guide for Providers*.

Should you have any questions, please contact us at compliance@wavaccine.org. We appreciate your practice’s support of the WVA.

Best regards,
