

PRINTABLE ASSESSMENT GRID TAB

Washington Vaccine Association Assessment Grid
FOR ALL DOSAGE BASED ASSESSMENTS (DBA) WITH A DATE OF SERVICE
ON OR AFTER JULY 1, 2026.

For Dosage-Based Assessment (DBA) Billing Used for
Commercially Insured Patients Under the Age of 19.

Please note that this **WVA Assessment Grid, effective July 1, 2026, replaces the grid last updated on July 1, 2025.** The grid lists vaccines and their corresponding CPT codes that are part of the dosage-based assessment (DBA) process for providers, health insurance carriers, and third party administrators. There are other childhood vaccines (and corresponding CPT codes) that are not included in the DBA process and, therefore, no assessment is needed. The availability of specific vaccine brands are determined by the manufacturer and not all brands of flu vaccine are offered through the Childhood Vaccine Program (CVP).

The **BLUE COLUMN** with per dose amount in **red** is the assessment amount per dose as of **July 1, 2026.**

PLEASE READ:

The majority of the codes on the enclosed **WVA Assessment Grid** ("Grid") for the period of July 1, 2026-June 30, 2027 do **NOT** have changes in the **WVA Assessment Grid Amount** from the current Grid (July 1, 2025-June 30, 2026). Exceptions include:

- 1) All COVID-19 codes have **new Assessment Grid Amounts**. New NDCs are expected late summer 2026, prior to respiratory season beginning, and will be communicated when WVA receives them.
- 2) All Influenza codes have **NDC changes** and one code has an **Assessment Grid Amount change**.
- 3) ABRYVSO's **NDC code** has also changed.

NOTE: To ensure proper DBA submission and carrier/TPA remittance to the WVA, providers should check the:

- **Date of service** to ensure the correct Grid year is being used;
- **CPT code** to ensure it is a valid code for the date of service (*see **note** below); and
- **Assessment Grid amount** to ensure proper DBA submission and carrier/TPA remittance to the WVA.

NOTE: The WVA reserves the right to modify the Assessment Grid in effect at any time with Board approval and appropriate notification of payers.
